

Product Manager

in Munich, Germany

As an integral part of our product team, you will drive building the next generation of 3Dconnexion solutions and be responsible to develop the relationship with our software technology partners in cooperation with our engineering team.

For this position, we are seeking a motivated person with professional communication skills, technical grasp, customer-oriented mindset and passion for innovative products.

Job Responsibilities

- Identify market potential, analyze customer needs and document product requirements
- Establish and maintain a close relationship with technology partners
- Visit technology partners, cutting-edge conferences and trade- shows
- Consult third party product managers to define 3Dconnexion integration requirements
- Develop product communication in cooperation with our marketing team

Skills and Requirements

- Master's degree or equivalent
- Knowledge of software development processes
- Excellent communication skills in spoken and written English
- Knowledge of the CAD and 3D Software market is an advantage
- Personal attitude that strives for challenges
- Willingness to travel domestically and sporadically abroad
- Team and success-oriented work style

Conditions

- Permanent contract
- Full-time
- Vacation: 30 days
- Trial period: 6 Months
- Working Location: Munich, Germany

About 3Dconnexion

3Dconnexion® is the leading provider of award-winning devices for 3D design and visualization professionals. 3Dconnexion mice provide an intuitive, natural way to interact with computer-generated 3D content and support today's most popular and powerful mechanical engineering, media, entertainment and architectural CAD applications.

3Dconnexion is headquartered in Norwalk, Connecticut, with EU headquarters in Munich, Germany and offices worldwide.
